Weapon Mastery. Whenever you finish a Long Rest, you can change one of the weapon masteries you have to a different one.

Dagger (Nick) (1/Turn). When you make the extra attack of the Light property, you can make it as part of the Attack action instead of as a Bonus Action.

Cunning Action (Bonus Action). You can take Dash, Disengage, or Hide action.

Psionic Power (4d6/Long Rest). You regain 1 expended die when you finish a Short Rest.

Psi-Bolstered Knack (Psionic Energy Die). If you fail an ability check using a skill or tool with which you have proficiency, you can add 1d6 to the check, potentially turning failure into success. The die is expended only if the roll then succeeds.

Psychic Whispers (Action—Psionic Energy Die). Choose up to 3 creatures you can see, and then roll 1d6. For a number of hours equal to the number rolled, the chosen creatures can speak telepathically with you, and you can speak telepathically with them. To send or receive a message, you and the other creature must be within 1 mile of each other. A creature can end the telepathic connection at any time.

The first time you use this power after each Long Rest, you don't expend the Psionic Energy die.

Psychic Blades. Whenever you take the Attack action or make an Opportunity Attack, you can manifest a psychic blade in your free hand and use it instead. The blade is a Simple Melee weapon with the Finesse and Thrown (range 60/120 ft.) properties. It deals 1d6+4 psychic damage on a hit, and vanishes after the attack, leaving no mark. Your attacks with the blade can use Vex mastery.

After you attack with the blade on your turn, you can make another attack with a second blade as a Bonus Action if your other hand is free. This bonus attack deals 1d4+4 psychic damage on a hit.

Spellcasting. You can use a Holy Symbol as your Spellcasting Focus. Whenever you gain a Cleric level, you can replace one of your cantrips with another Cleric cantrip of your choice.

You don't need Advantage on the attack roll if at least one of your allies is within 5 feet of the target, the ally doesn't have the Incapacitated condition, and you don't have Disadvantage on the attack roll.

The extra damage increases as you gain Rogue levels, as shown in the Sneak Attack column of the Rogue Features table.

Your training with weapons allows you to use the mastery properties of two kinds of weapons of your choice with which you have proficiency, such as Daggers and Shortbows.

Whenever you finish a Long Rest, you can change the kinds of weapons you chose. For example, you could switch to using the mastery properties of Scimitars and Shortswords.

Your quick thinking and agility allow you to move and act quickly. On your turn, you can take one of the following actions as a Bonus Action: Dash, Disengage, or Hide.

As a Bonus Action, you give yourself Advantage on your next attack roll on the current turn. You can use this feature only if you haven't moved during this turn, and after you use it, your Speed is 0 until the end of the current turn.

You harbor a wellspring of psionic energy within yourself. It is represented by your Psionic Energy Dice, which fuel certain powers you have from this subclass. The Soulnife Energy Dice table shows the number of these dice you have when you reach certain Rogue levels, and the table shows the die size.

Any features in this subclass that use a Psionic Energy Die use only the dice from this subclass. Some of your powers expend a Psionic Energy Die, as specified in a power's description, and you can't use a power if it requires you to use a die when your Psionic Energy Dice are all expended.

You regain one of your expended Psionic Energy Dice when you finish a Short Rest, and you regain all of them when you finish a Long Rest.

Psi-Bolstered Knack. If you fail an ability check using a skill or tool with which you have proficiency, you can roll one Psionic Energy Die and add the number rolled to the check, potentially turning failure into success. The die is expended only if the roll then succeeds.

Psychic Whispers. You can establish telepathic communication between yourself and others. For a number of hours equal to the number rolled, the chosen creatures can speak telepathically with you, and you can speak telepathically with them. You can manifest shimmering blades of psychic energy. Whenever you take the Attack action or make an Opportunity Attack, you can manifest a Psychic Blade in your free hand and make the attack with that blade. This magic blade has the following traits:

- Weapon Category:
- Simple Melee
- Damage on a Hit:
- 1d6 Psychic plus the ability modifier used for the attack roll

• Properties:

- Finesse, Thrown (range 60/120 feet)
- Mastery:
- Vex (you can use this property, and it doesn't count against the number of properties you can use with Weapon Mastery)

The blade vanishes immediately after it hits or misses its target, and it leaves no mark if it deals damage.

After you attack with the blade on your turn, you can make a melee or ranged attack with a second psychic blade as a Bonus Action on the same turn if your other hand is free to create it. The damage die of this bonus attack is 1d4 instead of 1d6.

You have learned to cast spells through prayer and meditation.

Cantrips. You know three cantrips of your choice from the Cleric spell list. *Guidance*, *Sacred Flame*, and *Thaumaturgy* are recommended.

Whenever you gain a Cleric level, you can replace one of your cantrips with another cantrip of your choice from the Cleric spell list.

When you reach Cleric levels 4 and 10, you learn another cantrip of your choice from the Cleric spell list, as shown in the Cantrips column of the Cleric Features table.

Spell Slots. The Cleric Features table shows how many spell slots you have to cast your level 1+ spells. You regain all expended slots when you finish a Long Rest.

Prepared Spells of Level 1+. You prepare the list of level 1+ spells that are available for you to cast with this feature. To start, choose four level 1 spells from the Cleric spell list. *Bless*, *Cure Wounds*, *Guiding Bolt*, and *Shield of Faith* are recommended.

The number of spells on your list increases as you gain Cleric levels, as shown in the Prepared Spells column of the Cleric Features table. Whenever that number increases, choose additional spells from the Cleric spell list until the number of spells on your list matches the number on the table. The chosen spells must be of a level for which you have spell slots. For example, if you're a level 3 Cleric, your list of prepared spells can include six spells of levels 1 and 2 in any combination.

If another Cleric feature gives you spells that you always have prepared, those spells don't count against the number of spells you can prepare with this feature, but those spells otherwise count as Cleric spells for you.

Changing Your Prepared Spells. Whenever you finish a Long Rest, you can change your list of prepared spells, replacing any of the spells there with other Cleric spells for which you have spell slots.

Spellcasting Ability. Wisdom is your spellcasting ability for your Cleric spells. **Spellcasting Focus.** You can use a Holy Symbol as a Spellcasting Focus for your Cleric spells.

Spell save DC = 8 + your proficiency bonus + your Wisdom modifier
Spell attack modifier = your proficiency bonus + your Wisdom modifier
